## Weekly Report – January 9, 2026

- The Parker County Master Gardeners visited on Wednesday to clean up the flower beds and prepare them for spring. We appreciate their hard work and dedication to keeping Town Hall looking beautiful.
- The City Council is scheduled to meet next Thursday, January 15, at 7:00 p.m. at Town Hall. Please join the meeting if you are able; the Council meets every third Thursday of the month. During this meeting, the winner of the Christmas Decorations Contest will be announced, and the Council will consider a proclamation recognizing Heart Health Awareness Month, an important initiative for our community's health.
- Just a reminder that Winter Sewer Averaging began on November 25<sup>th</sup>. The months December, January, and February will be used to calculate your average water consumption, which typically reflects household consumption without the impact of outdoor irrigation.
- Please visit the **“Utilities & Water Conservation”** page and click on **“Water Conservation”** for helpful tips on preparing in advance for winter freezes, along with additional useful resources and links.
- The Town's annual Clean Up & Beatification Day is scheduled for Saturday, February 28, from 9:00 a.m. until noon. Lunch will be provided for volunteers. Please come out, meet your neighbors, and help keep our Town clean.
-  **Coming Soon: Trash Cart Service | May 2026**  
Republic Services will begin trash cart service in May 2026.  
If you don't already have a Republic Services-provided trash cart, one will be provided as part of your monthly service rate.
  -  Postcards have been mailed to all Republic Services customers with an overview of what's coming.
  -  More details will follow in an additional mailer arriving in early 2026.**Questions?** Reach out to [6citiesquestions@RepublicServices.com](mailto:6citiesquestions@RepublicServices.com).

- Handrails were added to the Town Hall building to improve accessibility. A fresh coat of paint was also applied to the handrails and doors, which has noticeably refreshed the appearance of the building. We are proud to be proactive in maintaining Town Hall and ensuring it remains accessible and well cared for.
