Weekly Report – September 3, 2026

Stage 1 Voluntary Water Restrictions Remain in Effect

Water demand continues to be **very high**, particularly overnight and on weekends due to irrigation.

Please help protect our water supply by **limiting outdoor watering to 2–3 days per week** and avoiding daily irrigation.

 **We remain close to the threshold for mandatory water restrictions.** Your conservation efforts now can help keep the Town from moving to the next stage.

Every gallon saved makes a difference. Thank you for doing your part!
