Weekly Report – July 3, 2026

Town Hall is closed today in observance of Independence Day

The entrance to Town Hall has been decorated for the holiday, and this year is especially meaningful as our nation celebrates the **250th anniversary of the signing of the Declaration of Independence**.

As we gather with family, friends this holiday weekend, we encourage everyone to reflect on our nation's history and remember the many men and women who have served and sacrificed to protect the freedoms we enjoy today.

We wish everyone a safe and happy Fourth of July as we celebrate this historic milestone. And, as you can see, some of our Town Hall staff had a little fun with the holiday decorations!

 **Be Fire Aware** - With the recent hot, dry, and windy weather, the risk of fire is elevated. Please use extra caution during the holiday weekend, as dry grass and other combustible materials can ignite quickly.

 **Keep Pets Safe** - Fireworks can be frightening for pets. Please keep them safe, secure, and indoors whenever possible during the holiday weekend.

 **Planning & Zoning Meeting – Thursday, July 9** - The Planning & Zoning Commission will discuss the possibility of moving the Town's lighting regulations from the Zoning Ordinance into a separate Lighting Ordinance.

 **Be on the lookout for your water bill!** They were mailed on Tuesday and should be arriving soon.

Stage 1 Voluntary Water Restrictions Remain in Effect

The Town remains under Stage 1 voluntary water restrictions through September 30. As you enjoy the holiday weekend, please use water wisely and conserve whenever possible. Every drop helps protect our community's water supply.

 **Our Water Operators got a surprise visitor while working on a water meter this week!**

Fortunately, it was this little frog and not a snake. They were happy to keep things a little "froggy" while getting the job done!
